Sustainability: “The capacity for EOSC to remain operative, effective and competitive over its expected lifetime”*

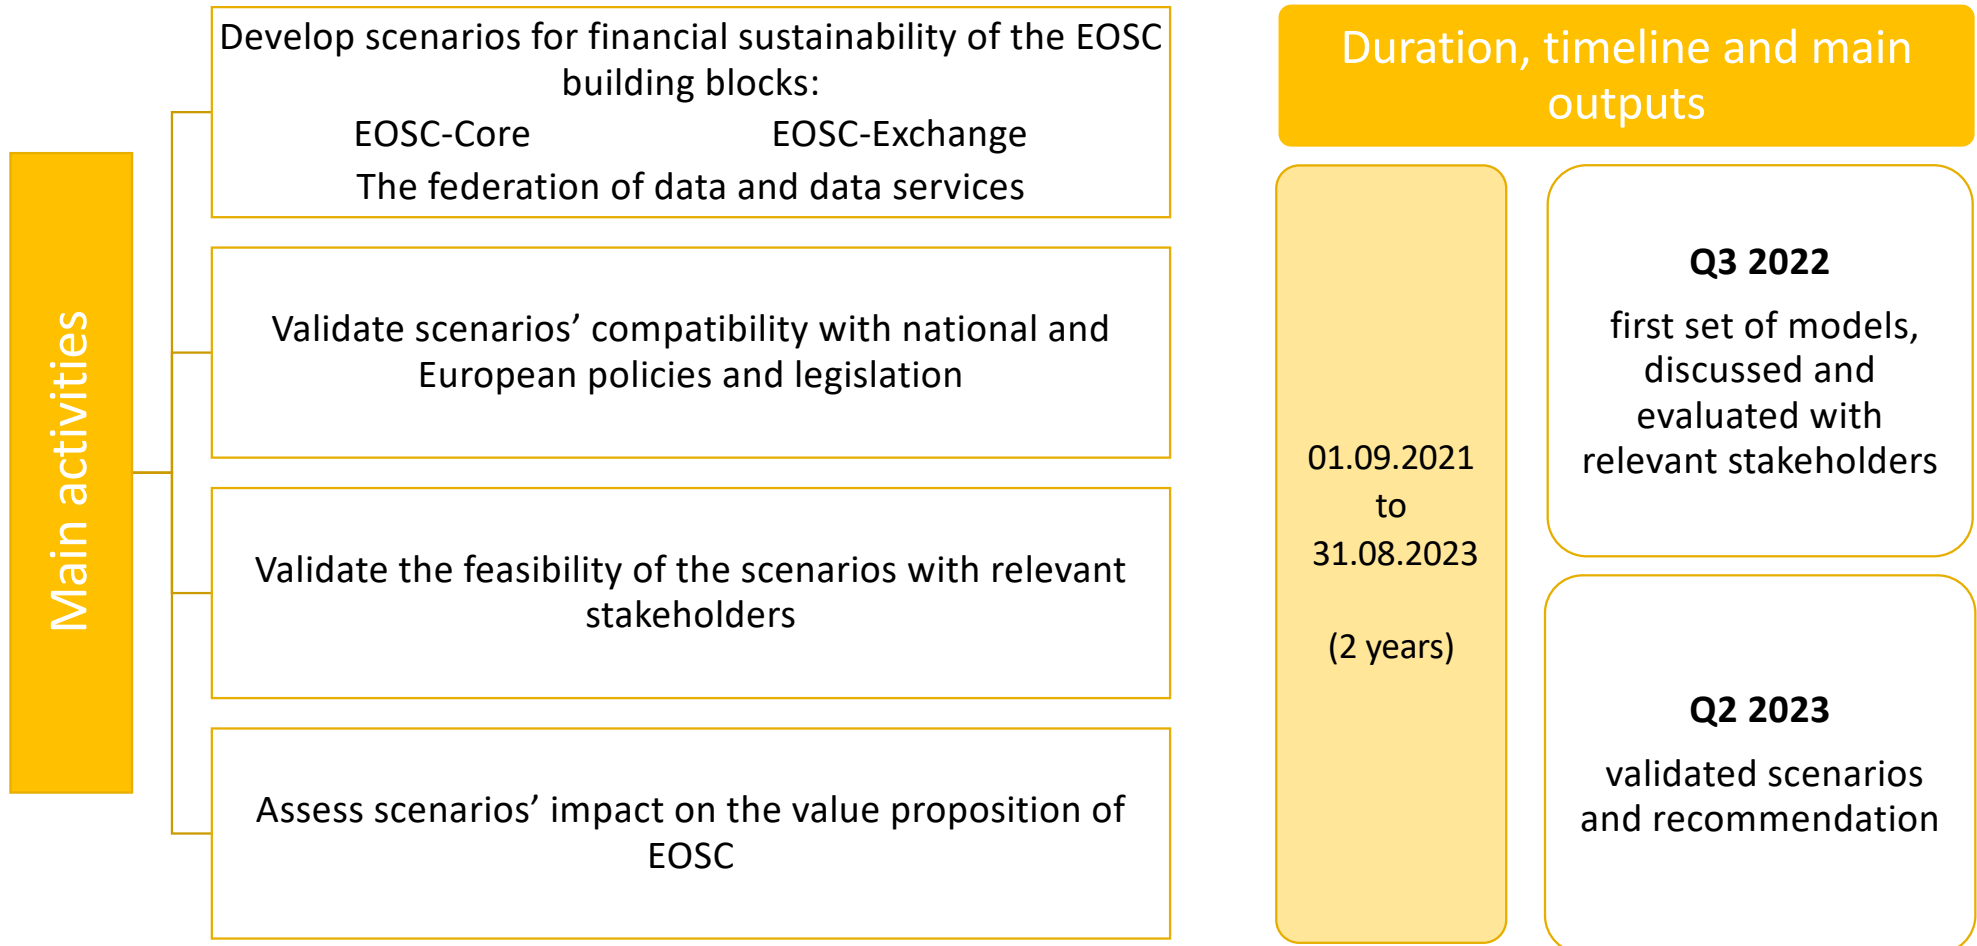

The objective of this Task Force is to produce by 2023 a proposal for long term financial sustainability of the main building blocks of EOSC:

and as defined in the FAIR Lady report “Solutions for a Sustainable EOSC”

*Definition of Ris sustainability from OECD: DSTI/STP/GSF(2017)6/FINAL|13Unclassified
